Description

The Mammalampa The Bride Floor Lamp features a hand-woven lampshade. The "dress" of the bride is made of paper and presents this traditional lighting material in a unique design solution. When the light shines through the paper, the floor lamp is permeated by an aura of airy lightness. Entirely handmade, each Bride has its own weave pattern and unique personality. Each lampshade interacts with the light and the space in a unique way, creating a highly emotive lighting design.

The Bride floor lamp is offered with a shade diameter of 60 cm or 80 cm. The total height of the lamp with a shade diameter of 60 cm is 170 cm, the total height of the lamp with a shade diameter of 80 cm is 190 cm. The lamp shade of the smaller lamp is 40 cm high, the shade of the larger lamp has a height of 50 cm. The lamp is available in the shade colours white and brown. The base of the lamp consists of a tripod in the same colour as the shade. By using the tripod, a firm stand of the lamp is guaranteed. A textile-covered 200 cm long cable serves as the supply line. The lamp provides diffuse room light. Depending on the size, the lamp has one or three E27 sockets that can be operated with halogen lamps or LED retrofit. All lamps of the manufacturer Mammalampa are exclusively designed and handmade by the manufacturer himself.
