Cambo CM104G

Schirmfarbe

- noir
- blanc

Technical details

Pays de fabrication	 Espagne
Fabricant	Arturo_Alvarez
Créateur	cenlitrosmetrocastrado
année	2021
Indice de protection / Indice IP	IP20
Contenu de la livraison matériel	LED
couleur de câble	acier, acier inoxydable, aluminium, bois
réglage de la hauteur	noir
atténuation	hauteur déterminée
Puissance en Watt	dimmerable sur place avec commande gradateur de phase inverse
LED	7 W
Flux lumineux en lm	y compris
La température de couleur en Kelvin	850
canopée Dimensions	2.700 extra blanc chaud
Diamètre de l'ombre	12 cm
hauteur totale	24 cm
Dimensions	150 cm
	H 60 cm B 26 cm

Description

The Arturo Alvarez Cambo CM104G pendant lamp has a lamp shade that is connected to a structure made of beech wood. The beech wood structure of this lamp is 60 cm high, the lamp has a maximum width of 26 cm. The lamp shade is offered in the colours white and black. It has a diameter of 24 cm. This lamp has a maximum total height of 150 cm, its black cable can be shortened if necessary. The Cambo CM104G is operated with an integrated, dimmable LED that has a colour temperature of 2,700 Kelvin extra warm white. A diffuser at the bottom of the lamp shade reduces the glare of the emitted light.

Cambo is the new pendant lamp that emerged from the collaboration of Arturo Alvarez with the design studio cenlitrosmetrocastrado. The word Cambo (of Galician origin) refers to a piece of wood with a hook at one end, an artisanal element in Galician tradition. Inspired by nature and the environment, cenlitrosmetrocastrado designed the Cambo collection based on the natural growth of plants and the branching of trees. The vision of the two designers Ricardo Tubio and Xabier Rilo of the natural environment has led to a combination of two different materials. Cambo is made of a beech wood structure with a water-based lacquer that allows the material to be shown in its most natural form. This special structure is combined with the lacquered stainless steel mesh of the lamp shade, which houses the integrated LED light source.
