

Bover

Nans A/02 Outdoor

Schirmfarbe

- brun
- rouge
- beige

Technical details

Pays de fabrication	 Espagne
Fabricant	Bover
Créateur	Joana Bover
année	2022
Indice de protection / Indice IP	IP65
Contenu de la livraison	LED
Profondeur en cm	29
matériel	polyéthylène, acier Inoxydable, aluminium, polycarbonate
atténuation	dimmerable sur place avec commande gradateur de phase inverse
Puissance en Watt	9,5 W
LED	y compris
Indice de rendu des couleurs	90
Flux lumineux en lm	1.450
La température de couleur en Kelvin	2.700 extra blanc chaud
Diamètre de l'ombre	22 cm
Hauteur de Abat	25 cm
remplacement des ampoules :	chez le fabricant / a l'usine
Surface de montage mural	brun
Support mural	
Dimensions	12 cm
Dimensions	H 34 cm

Description

The Bover Nans A/02 Outdoor wall lamp has a lamp shade made of a hand-woven, synthetic polyethylene fibre. The lamp shade is 24.6 cm high and has a diameter of 21.6 cm. The synthetic polyethylene fibre is so resistant and weatherproof that this lamp is also suitable as an outdoor lamp. With a protection rating of IP65, the wall light is dustproof and protected against water jets from any angle. The light is emitted glare-free downwards through a diffuser made of polycarbonate. Due to the structure of the hand-woven lamp shade, the light is also emitted laterally, creating a light and shadow pattern on the wall.

The Nans A/02 Outdoor is offered with a lamp shade in the colours red, brown and beige. The wall bracket made of stainless steel and aluminum always has a graphite-brown colour. Including the wall bracket, the lamp is 29 cm deep and 34.4 cm high. The wall lamp is operated with an integrated LED that has a colour temperature of 2,700 Kelvin extra warm white. The LED can be dimmed on site with a trailing edge phase dimmer. A DALI or 1-10 volt dimmable version is also available on request. In addition, a version is also offered that can be dimmed with a Casambi module by smartphone via Bluetooth. This optionally available version with Casambi module can be operated easily and intuitively via mobile devices using the free CASAMBI app (iOS and Android). Casambi thus expands the control options with functions such as dimming, grouping of lamps, programming of groups and scenes, automations and much more.

Cala Nans is a small cove in Cadaques (Spain), accessible only by footpaths or by sea. An unspoilt corner of the Mediterranean, where vegetation and the vigilance of an old lighthouse make this place a primordial spot where all you can hear is the sound of the sea and the birds flying over the coast. The Nans lamp is characterised by high-quality craftsmanship of the lamp shades and creates a true Mediterranean style.
