Ocular Spot 2 Series 100 Zoom semi-recessed

Oberfläche

- nickelé satiné
- poli

Technical details

Pays de fabrication	 Allemagne
Fabricant	Licht im Raum
Créateur	Licht im Raum
Indice de protection / Indice IP	IP20
Contenu de la livraison	LED
matériel	acier Inoxydable
angle du faisceau	50 - 70 degrees
atténuation	dimmerable sur place
Flux lumineux en lm	4.708
La température de couleur en Kelvin	2.700 extra blanc chaud
Diamètre de la lentille	100 mm
tête de luminaire masse	12 cm
Les performances du système	2 x 17,1 Watt
Dimensions	H 17 cm L 30 cm

Description

The Light in Space Ocular Spot 2 Series 100 Zoom semi-recessed is a two-lamp spotlight. The two lenses, each with a diameter of 100 mm, can be swivelled. The Ocular lenses focus and control the light in a precise, glare-free manner, creating an outstanding quality of light. To change the beam angle of the light, the lenses can be zoomed in or out. In this way, the beam angle can be variably adjusted between 50 and 70 degrees.

The two lamp heads of the lamp can be directed via swivel and tilt joints. The Ocular Spot 2 Series 100 Zoom semi-recessed is made of stainless steel and is available with a matt nickel or polished finish. The rectangular recessed box is semi-recessed into the ceiling or wall.
