Description

The Foscarini Twiggy Wood Terra has a lamp shade made of maple wood. The lamp shade is attached to a flexible lamp arm that can be adjusted in height by counterweights. The floor lamp emits its light upwards and downwards.

The lamp rod and base are available in black and greige (a mixture of grey and beige). The Twiggy Wood floor lamp is operated with LEDs that have a colour temperature of 2,700 Kelvin extra warm white. A dimmer is integrated on the supply line. Extension arms with a length of 40 cm each are available on request, with which the projection as well as the height of the lamp can be extended.
