

Knapstein

ASTRA-C-40

Oberfläche

- nickel
- bronze
- sable
- noir

Struktur

- Nickel
- noir
- bronze
- sand

Technical details

Pays de fabrication	 Allemagne
Fabricant	Knapstein
année	2024
profondeur	8,5
diamètre	40
Matériel	Acryl, Metall
gradabilité	Casambi
Puissance en watts	39 W
LED #	inclus
Indice de rendu des couleurs (IRC / Ra)	>90
Flux lumineux en lm	3654
Température de couleur en kelvins	2.200-3.000
Indice de protection / Indice IP	IP20
Contenu de la livraison	LED
remplacement des ampoules :	chez le fabricant / a l'usine
Dimensions	Ø 40 cm

Description

The Knapstein ASTRA-C-40 has a curved metal cover with freely combinable outer structures. This metal cover is placed on a magnet attached to the mounting plate. By turning the cover on the magnet, the distance between the cover and the wall or ceiling can be changed by up to approx. 35 mm at any time, making it easy to customise the light outlet. The LED lamp offers virtually loss-free and glare-free light emission and allows flexible brightness control. Equipped with the Casambi system, the Astra-C-40 enables flexible lighting control. The lamp can be switched on and off, dimmed continuously and the light colour (Knapstein dynamic white) adjusted from a colour temperature of 3,000 Kelvin warm white to 2,200 Kelvin extra warm white as required using a smartphone or tablet. All dimming and light colour settings are saved using the memory function and automatically reset the next time the light is switched on. The Knapstein ASTRA-C-40 emits indirect light, has a diameter of 40 cm and is 8.5 cm deep. This lamp can be mounted on the wall or ceiling. It is also possible to connect several ASTRA lamps together if an overlap is desired. The Knapstein ASTRA-C-40 is available in several surfaces and freely combinable external structures.
