

# Holtkötter

## Janus H

### Structur #

- zwart
- aluminium
- zwart / messing

## Technical details

<b>Land van herkomst</b>	 Duitsland
<b>Fabrikant</b>	Holtkötter
<b>Ontwerper</b>	Holtkötter
<b>jaar</b>	2024
<b>Materiaal</b>	Metall
<b>hoogteverstelling</b>	in hoogte verstelbaar
<b>Dimbaarheid</b>	faseafsnijding dimmer
<b>Vermogen in watt</b>	2 x 18 W
<b>LED #</b>	inclusief
<b>Kleurweergave-index (CRI / Ra)</b>	>90
<b>Lichtstroom in lm</b>	5400
<b>Kleurtemperatuur in kelvin</b>	2.200 - 2.850
<b>Beschermingsklasse / IP-bescherming</b>	IP20
<b>Leveringsomvang</b>	LED
<b>lampkop massa</b>	18 cm
<b>bulb vervangen:</b>	ter plaatse zelf
<b>Dimensions</b>	H 99 - 155 cm

## Omschrijving

The Holtkötter Janus H ceiling lamp has height-adjustable telescopic arms attached to the side of a rectangular ceiling canopy, which can be swivelled by up to 160° using joints. These swivelling telescopic arms make it easy to illuminate even large tables. The lamp heads, which can be continuously rotated and swivelled in all directions and contain a replaceable LED panel, allow the light to be individually directed. When dimmed, the light colour of the integrated LED changes to a warmer tone (from 2,850 Kelvin warm white to 2,200 Kelvin warm white) thanks to dim-to-warm technology. With a light output of 5,400 lumens and a colour rendering index of over 90, the Holtkötter Janus H provides powerful light that can be emitted directly or indirectly as required. The Janus H ceiling lamp is height-adjustable from 99 cm to 155 cm by extending or retracting the telescopic arm. The ceiling canopy is 33 cm long, 6.2 cm wide and 3.6 cm high. The Janus H is available in the following surface textures: matt aluminium, black/brass anodised and black.
