Omschrijving

The Foscarini Outdoor Gregg Grande is an outdoor lamp. The diffuser of the Outdoor Gregg is made of polyethylene. Depending on the connection option, the floor lamp has a protection class of IP44 (with plug connected) or IP65 (with clamp). With protection class IP44, it is protected against solid foreign bodies with a diameter of at least 1 mm and against splash water on all sides. With IP65, the lamp is dust-tight and protected against water jets from any angle. The versatility of the Outdoor Gregg also comes from the repertory of three different sizes offered. The offered Outdoor Gregg Grande is the second largest version of this lamp.
