Omschrijving

The Vibia Balance 5192 is a floor lamp that makes its name honor. Due to their enormous height of 210 cm at the base, the radius of 215 cm and the possibility to vary the light arm at a height of 145 cm up to 185 cm, the Balance 5192 must be particularly well balanced. The base with 43 cm diameter gives it the necessary stability.

The lampshade has a diameter of 50 cm and is 22 cm high. This makes the Balance 5192 wonderfully balanced. The Balance 5192 is available in the versions chrome, graphit-grey lacquered and nickel matt. The lamp shade is made of metal threads. The lighthas a height-adjustable lamp head and has a cord dimmer.
