Omschrijving

The Vibia Halo Lineal 2342 is a pendant lamp with a total length of 336 cm and a height of 48 cm. Six crossed, rod-shaped elements form the lamp. The lighting was designed by the designer Martín Azúa, who created the lamp with an elongated lamp made of matt white PMMA.

It is height determinable and can be hung up to a maximum of 350 cm, whereby the lamp rods can be suspended horizontally or diagonally. Six efficient LEDs are included. The lamps are electronically dimmable from 1-10Volt. On request, there is also offered a DALI or a with Casambi module dimmable version. With a Casambi module, it is possible to operate the lamp via smartphone or tablet using the Casambi app via Bluetooth. Casambi technology also offers the option of switching the light on at specific times via a timer. The light output of the Halo ruler 2342 is gentle and is described by Vibia as "magical light".
