Origami 4508

surface

- wit
- terra dark
- bruin
- groen

Technical details

Land van herkomst	 Spanje
Fabrikant	Vibia
Ontwerper	Ramón Esteve
Beschermingsklasse / IP-bescherming	IP65
Leveringsomvang	LED
Diepte in cm	7
materiaal	ABS, polycarbonaat
dimmen	dimbaar op locatie met faseafsnijding dimmer
LED	inclusief
Kleurweergave-index	>90
Lichtstroom in lm	3.025
Kleurtemperatuur in Kelvin	2.700 extra warm wit
bulb vervangen:	ter plaatse zelf
prestaties van het systeem	4 x 6,3 Watt
Dimensions	H 107 cm B 94 cm

Omschrijving

The Vibia Origami 4508 was named after the famous Japanese art of paper. The lamp, however, is not made of paper but of polycarbonate and ABS. It is available in the colours white, terra dark, green or brown. The design was created by Ramón Esteve. Even as a single lamp is the Origami 4508 a real eye-catcher, but particularly in combination with several lamps of the same series, which can be combined, a work of art is created on the wall. It is a wall light and can be used for indoor lighting, but also ideal for outdoor use with the protection class IP65 (spray water- and dustproof).

As lamps four modern LEDs are included with each 6.3 watts. They can be dimmed on site with a trailing edge phase dimmer. To a wall terminal, you can connect a maximum of 30 Origami modules. For larger compositions ask us for a special connection system. If you need help in configuring your personal combination, please contact us also.
