Omschrijving

The Ingo Maurer Birds Birds Birds is an extraordinary chandelier out of the Birdie collection. The size and shape of this lamp can be changed by rotating, bending and stretching the lamp arms. The distinctive wings out of goose feathers are attached to the socket endings of the 24 aluminium wires. Thus a flock of rising birds is evoked. The transformer is integrated into the canopy. The cable is available either in blue/red or transparent. Like the other Birdie lamps, the Birds Birds Birds as well is operated by a specially produced LED illuminant. The chandelier is inclusive of twenty-four 1.5 watt LED bulbs. The pendant lamp is on offer with three length versions: with a standard length of 190 cm, with a length of up to 130 cm for low ceilings and with 300 cm long for high room heights.
