Omschrijving

The Catellani & Smith Shadow is a floor lamp, which skilfully plays with light and shadow. Lamp rod and lamp base are made of black lacquered copper. The 150 cm high light rod includes the efficient 1 watt LED. This LED has the colour temperature of 2700 Kelvin in extra warm white.

The LED emits its light on a suspended grid of thin brass braid. This net is free to shape and ensures interesting shadows. Like many other lamps by Catellani & Smith, the Shadow is counted among the Eco Logic Lights products, this group is made up of LED lights which are considered to be exceptionally energy-saving and environmentally friendly.
