Vermogen (max. Watt)	9,5 Watt
Lichtstroom in lm	650
Kleurtemperatuur in Kelvin	2.900 warm wit
lichtverdeling	direct
Dimensions	H 110 cm Ø 24 cm

Omschrijving

The Foscarini Tress Sospensione Media is a pendant lamp of the Tress collection by Foscarini. The elongated Tress Media directs its light on the underlying surface. It has a diffuser diameter of 24 cm and a diffuser height of 110 cm. For the Tress Media, a LED retrofit lamp PAR 30 with a maximum output of 9.5 watts is recommended as the light source.

Like all lamps in this Foscarini series, the Tress Sospensione lamps are also made of lacquered glass fiber fabric and give the room an individual touch thanks to the interesting play of light and shadow. In the colours white, greige (gray-beige) and black, the pendant light Foscarini Tress Sospensione can also be combined well with each other. The cable with a length of 320 cm can be shortened if necessary and is also available in a larger version on request.
