

Catellani & Smith

Fil de Fer Pendant LED 50

Oberfläche

- natuurlijke aluminium
- goud

Technical details

Land van herkomst	 Italië
Fabrikant	Catellani & Smith
Ontwerper	Enzo Catellani
jaar	2002
Beschermingsklasse / IP-bescherming	IP20
Leveringsomvang	LED
Diameter in cm	50
materiaal	aluminium
kabellengte	170 cm
Hoogte-instelling	hoogte bepaalbaar
dimmen	dimbaar op locatie met faseafsnijding dimmer
Voet / fitting	G4
LED	inclusief
Kleurweergave-index	80
Kleurtemperatuur in Kelvin	2.700 extra warm wit
luifel Dimensions	21 cm
bulb vervangen:	ter plaatse zelf
prestaties van het systeem	12 x 1 Watt
Totale lichtstroom in lm	900
Dimensions	Ø 50 cm

Omschrijving

The Catellani & Smith Fil de Fer Pendant LED 50 is a pendant lamp that consists of a mesh of aluminum wire in the form of a sphere. This pendant light is offered in two surfaces: natural aluminum or gold. In the version in natural aluminum the wire is untreated and thus appears silver. In the golden variant, the aluminum was anodized in gold. In the sphere itself twelve LED lamps are installed so that the light seems to glow from the inside to the outside.

This lamp has a diameter of 50 cm. The Fil de Fer Pendant LED 50 is equipped with twelve LED lamps, each with 1 watts of power. It is on site dimmable. This lamp has a dome-shaped canopy measuring 21 x 10.5 cm. The supplied cable is 170 cm long and can be shortened when required.
