

Serien Lighting

App

Farbtemperatur in Kelvin

- 2.700 extra warm wit
- 3.000 warm wit

Leuchtmittelabdeckung

- Pyramid
- fluorescerende Green
- spiegel
- honingraat
- Opal
- grijs
- costilla
- Kristal van het ijs

Technical details

Land van fabricage	
fabrikant	Serien Lighting
ontwerper	Formfjord
bescherming	IP20
Omvang van de levering	LED
Diepte in cm	7
materiaal	acrylglas, aluminium, polycarbonaat
dimmen	dimbaar met fase- en fase-afsnijding en fase-regelingsdimmer
Wattage	16 W
Kleurweergave-index	>90
bulb vervangen:	ter plaatse zelf
verlichtingsbehuizing	aluminium
Dimensions	H 17 cm B 17 cm

Omschrijving

The Serien Lighting App wall lamp has a reduced square shape. For the front surface, different versions are offered as illuminant cover: with ribbed surface, opal white, honeycomb, pyramid, grey, fluorescent green, ice crystal or mirrored surface. On request, the wall lamp is also available with an individual print on the front. The choice of front surface has no influence on the room light itself, as the front surface is opaque. Whether in a row, graphic or deliberately free arrangement - App is suitable for multifunctional use.

The light is emitted symmetrically upwards and downwards by the App wall lamp. Part of the light is also diffused to the side. The light source is an integrated LED, which is available with a colour temperature of 2,700 Kelvin extra warm white or 3,000 Kelvin warm white. The lamp can be dimmed on site with a trailing edge and / or leading edge phase dimmer. On request, the App wall light is also available as a DALI dimmable version. This requires a 5-wire mains cable.
