Omschrijving

The Ingo Maurer One New Flame is a single pendant lamp based on the My New Flame. This pendant lamp is reminiscent of a floating, burning candle. The board of the lamp body has two displays with 128 LEDs each. The light can be dimmed continuously via a push-button built into the board. The electronic power supply is integrated into the white painted canopy on which the circuit board is suspended. This lamp is available in red, white and black. The 200 cm long cable can be shortened if necessary.
