bescherming	IP20
Omvang van de levering	LED
materiaal	aluminium, staal
dimmen	de lampkop
Wattage	16 W
LED	inclusief
Kleurweergave-index	90
Lichtstroom in lm	598
Kleurtemperatuur in Kelvin	2.700 extra warm wit
armlengte	190 cm
lampkop massa	9 cm
Dimensions	L 192 cm

Omschrijving

The Luceplan Counterbalance is a black wall lamp, which can be aligned in the room at will cause of its swiveling light arm. The counterweight balances the movements of the long arm with help of gear wheels and guarantees the stability of the lamp head. The lamp head is made out of lacquered aluminum, the body is made of matt lacquered steel. Different brightness levels can be set with the dimmer on the lamp head. Daniel Rybakken designed the wall light in the year 2012. Apart from this light, also a spotlight as well as a floor lamp are on offer from this series.
