Omschrijving

The Luceplan Costanza Wall Fixed is a not-height-adjustable wall lamp with a fixed height of 80 cm. It emits light into the room. The shade is available in different colours while the frame is always in aluminum. These shade colours are on offer: white, comfort green, edgy pink, mistic white, petroleum blue, primary red, shaded stone (a dark brown), smart yellow, soft skin (light rose), concrete grey and liquorice black.

An on / off switch is located on the lamp socket, slightly to be touched for switching. Paolo Rizzatto designed the wall lamp in the year 1986. Apart from this light, also a wall lamp out of this series with a sensor dimmer on the socket is offered which is height adjustable. The light series won the Concours de la Creation Artistique SIL/Paris in the year 1988.
