### Omschrijving

The Luceplan Costanza Suspension Telescopic can be adjusted continuously in its height with a telescopic rod at any time between 100 and 150 cm. Various shades colours are offered. The pendant lamp is on site dimmable and was designed by Paolo Rizzatto in 1986. With a decentral canopy as an accessory, it is possible to mount the Costanza Sospensione Telescopic to the ceiling regardless of the mains plug. In addition to this version, the pendant light is also available with cable and a counterweight as an also height-adjustable up and down version.
