Kleurtemperatuur in Kelvin	2.700 extra warm wit
Versie	3
lampkop massa	25 cm
bulb vervangen:	ter plaatse zelf
Dimensions	H 35 cm Ø 80 cm

Omschrijving

The Catellani & Smith Lederam C180 is a ceiling lamp with direct and indirect light output. It is offered in six versions:

Version 1:	shade outside:	white	shade inside:	white
	lamp rod:	gold	lamp head:	white
Version 2:	shade outside:	white	shade inside:	white
	lamp rod:	silver	lamp head:	white
Version 3:	shade outside:	white	shade inside:	white
	lamp rod:	white	lamp head:	white
Version 4:	shade outside:	black	shade inside:	gold
	lamp rod:	black	lamp head:	gold
Version 5:	shade outside:	black	shade inside:	color
	lamp rod:	black	lamp head:	color
Version 6:	shade outside:	white	shade inside:	gold
	lamp rod:	silver	lamp head:	white

While the shade and head are both made of aluminum, the rod is made of metal for all versions. Versions 2 and 6 have a satin/silver rod, while the rods of the other versions are painted in the matching colours. The lamp head has the shape of a disc with a diameter of 25 cm and can be swivelled via a joint. In this way, the light distribution can be individually adjusted. Part of the light is directed from the lamp head to the inside of the shade and reflected into the room from there. The LED in the lamp head has an output of 30 watts and a colour temperature of 2,700 Kelvin extra warm white. This LED can be dimmed

by the customer and can be replaced.
