### Omschrijving

The Foscarini Gem Sospensione LED pendant lamp has a white glass with relief structure. This glass is mouth-blown and acid-etched. The lamp emits its light glare-free and evenly into the room. The cable with a maximum length of 340 cm can be shortened if required. On request, the lamp is also available with a longer cable. This pendant light is operated with an integrated LED. A non-dimmable version and a DALI dimmable version are available. The Gem Sospensione is also offered with an E27 socket for halogen lamps or LED retrofit.
