Omschrijving

The Anglepoise Original 1227 Wall Light has a tiltable and rotatable lamp shade, so that the light distribution can be readjusted again and again. The lamp shade is 16 cm high and has a diameter of 14 cm. The wall lamp is available in the surfaces linen white, jet black and dove grey. Both the lamp shade and the wall bracket are always in the selected surface. A textile braided cable extends from the top of the lamp shade to the wall bracket. The on/off switch is located on the lower side of the wall light. Compact fluorescent lamps or LED retrofit can be used as illuminants.
