Omschrijving

The Nyta Tilt is a rotating and swivelling pendant lamp. Along the opening on the shade, the lamp can be rotated by 360 degrees and tilted by a maximum of 110 degrees. The self-fastening hanging ensures a firm hold of the lamp. The lamp shade is made of matt lacquered aluminum and has a diameter of 28 cm as well as a height of 24.6 cm. It is available in the surfaces white, black and grey. The canopy has the matching surface to the shade. The textile cable is offered in the colours white, black, red, grey, light blue and light green. The standard length of the cable is a maximum of 300 cm and can be shortened if necessary. On request, the pendant lamp is also available with a 500 cm long cable. Halogen lamps or LED retrofit can be used as illuminants. The Tilt was designed by Nyta in 2012 and has won numerous design awards, including the Good Design Award, the Interior Innovation Award and the MIAW.
