Omschrijving

The Vibia Structural 2630 is a ceiling light with basic lines and cubic volumes that form sculptures integrated into the architecture. Structural ceiling lamps are a design by Arik Levy for Vibia. Through the direct lighting, this lamp provides a powerful magical light, which bathes the ceilings with an intense lighting effect. The ceiling light is offered in the surfaces light grey and dark grey. All surfaces are matt lacquered. On request, the lamp is also available with a colour temperature of 4,000 Kelvin white. In addition, versions are also on offer that are dimmable with DALI or can also be dimmed with an optional Casambi module via a smartphone app. The lamp with Casambi module can be operated via smartphone or tablet using the Casambi app via Bluetooth. Casambi technology also offers the option of switching the lamp on at specific times via a timer.
