Omschrijving

The Vibia Tempo 5758 wall light has a horizontal light rod that can be swivelled by 160 degrees. The hand-blown, oval diffuser can be adjusted in height by means of a tension cable. This lamp is connected via a cable with plug and also has an integrated push button dimmer on the cable. All Tempo lamps are inspired by the interplay of different degrees of luminance and the interaction between light transmittance or opacity and transparency. All wall lamps in this series use LED light sources. The Tempo 5758 is available in terracotta-red, graphite-grey, cream-white and green. All versions are matt lacquered. On request, the lamp is also available with connection via wall outlet (5759). On request, versions with a colour temperature of 3,000 Kelvin warm white or 4,000 Kelvin white are also optionally offered.
