Omvang van de levering	Leuchtmittel/ Bulb
Diepte in cm	14
materiaal	roestvrij staal, staal
dimmen	dimbaar op locatie
Dimensions	H 24 cm B 22 cm

Omschrijving

The Arturo Alvarez Kala KL06 wall lamp emits its light both upwards and downwards, where it forms a light cone. The painted stainless steel mesh shade of this wall lamp also allows a little light to escape. This stainless steel mesh is a translucent and flexible metal mesh, which is then molded to the desired shape and structure. The Kala KL06 by Arturo Alvarez is offered in the surfaces white and grey. On request, the lamp is also available in taupe and beige. This wall lamp is also offered in two versions: as G9 or LED version. The G9 version has a G9 socket and is operated with a replaceable LED retrofit. The LED version has an integrated LED with a colour temperature of 2,700 Kelvin extra warm white and is also available on request with 3,000 Kelvin warm white. The G9 version has a width of 22 cm, the LED version a width of 24 cm.
