bulb vervangen:	ter plaatse zelf
prestaties van het systeem	1 x 47 + 1 x 14 Watt
Totale lichtstroom in lm	9.000
lichtverdeling	direct en indirect
Dimensions	H 185 cm

Omschrijving

The Holtkötter Nova floor lamp has a two-part lamp head. The outer part emits its light for the most part upwards as an uplight and can be swivelled or rotated. The inner part of the lamp head radiates its light directly downwards as a downlight. The uplight and downlight can be switched and dimmed separately via two push button dimmers on the lamp rod. A memory function saves the last brightness level set for the light and selects it again when it is switched on again. The Nova floor lamp from Holtkötter is available in black, bronze, white, platinum, matt aluminum and anodised brass.
