<b>Kleurtemperatuur in Kelvin</b>	2.700 extra warm wit
<b>bulb vervangen:</b>	ter plaatse zelf
<b>Dimensions</b>	H 8 cm   Ø 10 cm

### Omschrijving

The Serien Lighting Cavity Ceiling S is a ceiling light with a height of 8 cm and a diameter of 10 cm. The light is emitted downwards from this lamp. The LED illuminant is recessed into the lamp, which shields the light from the sides and at the same time the light is simultaneously reflected by the lamp itself. The Cavity Ceiling S is made of aluminum and is available in black, white, aluminum gloss finish and bronze finish. The integrated LED is replaceable and can be dimmed on site with a trailing edge or leading edge phase dimmer. As standard, the ceiling lamp is supplied with a colour temperature of 2,700 Kelvin extra warm white. On request, it is also offered with 3,000 Kelvin warm white.
