

Knapstein

SVEA-80

Technical details

Land van fabricage	 Duitsland
fabrikant	Knapstein
ontwerper	Knapstein
bescherming	IP20
Omvang van de levering	LED
Diameter in cm	80
materiaal	metaal
oppervlak	nikkel
hoogteverstelling	hoogte bepaalbaar
dimmen	gebarencontrole
Wattage	68 W
LED	inclusief
Kleurweergave-index	>90
Lichtstroom in lm	6.922
Kleurtemperatuur in Kelvin	2.700 extra warm wit
luifel Dimensions	24 cm
bulb vervangen:	bij de fabrikant / fabriek
totale hoogte	30 - 235 cm
Dimensions	H 3,4 cm Ø 80 cm

Omschrijving

The Knapstein SVEA-80 pendant lamp has a diameter of 80 cm. The ring-shaped lamp emits its light simultaneously upwards and downwards. Its uplight and downlight can be switched separately and infinitely dimmed via gesture control. The sensor area for gesture control is located on the top and bottom of the lamp. The light is switched on and off with a wiping hand movement in the sensor area. In order for the lamp to be dimmed continuously, the hand is held in the sensor area for a longer period of time.

The surface of the SVEA-80 pendant lamp is matt nickel-plated. The pendant lamp by Knapstein is height-determinable in total height between 30 cm and 235 cm with the stop sleeves on the underside of the ceiling canopy. By pushing in the stop sleeves, the cables can be pushed or pulled into the desired position. The lamp is available with a diameter of 40 cm or 60 cm. The series also includes the SVEA-L40 and the SVEA-L60 with infinitely variable height adjustment by pulling or lifting the lamp. On request, the SVEA is also available in other lengths or finishes.
