bulb vervangen:	ter plaatse zelf

Omschrijving

The Catellani & Smith Syphasfera Set 1 consists of a complete outdoor floor lamp ready for connection with all necessary accessories. The set includes: a ground spike, an extension cable with a length of 500 cm, a driver necessary for operation and a connection cable including plug for the power supply. The lamp has a spherical glass with a diameter of 8 cm. The glass is available in clear or irregular structured. With clear glass the light is emitted evenly in all directions. With the irregular glass, light reflections are created on the glass when switched on. With its ground spike the Syphasfera can be fixed up to 25 cm into the ground. The Syphasfera Set 1 is available with a lamp at a height of 60 cm, 75 cm, 105 cm or 135 cm (height without ground spike).

The Syphasfera outdoor floor lamp has the protection class IP44 and is therefore protected against splash water on all sides and solid foreign bodies with a diameter of 1 mm and more. Its light rod is dust-tight with protection class IP65 and protected against strong jets of water from any angle. Driver and extension cable are protected against temporary submersion with IP67 protection. Other sets are also available from the Syphasfera, consisting of several complete lamps ready for connection.
