bulb vervangen:	ter plaatse zelf
prestaties van het systeem	3 x 1 Watt
Totale lichtstroom in lm	225
Dimensions	H 75 + 105 + 135 cm

Omschrijving

The Catellani & Smith Syphasfera Set 3 consists of three complete outdoor floor lamps ready for connection with all necessary accessories. With the Quick Connectors System from Catellani & Smith the three lamps can be connected and plugged together. Only a single power connection is required for installation. All necessary plug connections are included. The set includes:

- One lamp with a height of 75 cm
- one lamp with a height of 105 cm
- one lamp with a height of 135 cm
- an extension cable with a length of 500 cm
- a driver necessary for operation

Each lamp has a spherical glass with a diameter of 8 cm. The glass is available in clear or irregular structured. Through the clear glass the light is distributed evenly in all directions. If the glass is irregular, light is reflected on the glass when switched on. Each lamp can be fixed up to 25 cm into the ground with its ground spike. The heights of the lamps (75 cm to 135 cm) are without earth spike.

The Syphasfera outdoor floor lamp has IP44 protection and is therefore protected against splash water on all sides and solid foreign bodies with a diameter of 1 mm or more. Each lamp rod is dust-tight with protection class IP65 and protected against strong jets of water from any angle. Driver and extension cables are protected against temporary submersion with IP67 protection. Other sets with four, five or nine complete lamps are available from the Syphasfera. In addition, a complete single lamp with a height of 60 cm, 75 cm, 105 cm or 135 cm is also offered.
