Technical details

Land van herkomst	 Duitsland
Fabrikant	Holtkötter
Ontwerper	Holtkötter
jaar	2020
Beschermingsklasse / IP-bescherming	IP20
Leveringsomvang	LED
materiaal	metaal
Hoogte-instelling	hoogte verstelbaar
dimmen	dimbaar op locatie met faseafsnijding dimmer
LED	inclusief
Kleurweergave-index	>95
Kleurtemperatuur in Kelvin	Dim to warm
lifel Dimensions	Lengte 66 cm, breedte 9 cm, hoogte 4 cm
reflector diameter	9 cm
bulb vervangen:	bij de fabrikant / fabriek
prestaties van het systeem	2 x 16,6 Watt
Totale lichtstroom in lm	3.320
totale hoogte	160 cm

Omschrijving

The Holtkötter Aura P2 pendant lamp consists of two lamps mounted on a rectangular canopy. This lamp has two metal reflectors. The reflectors are available in the colours brass anodised, black, platinum and aluminum matt. In addition, the pendant lamp is offered in brass anodised, black, platinum and matt aluminum. The canopy is supplied in the matching finish.

The two pendulums of the Aura P2 can be individually adjusted in their total height up to a maximum of 160 cm. The height is adjusted by simply pushing upwards or pulling downwards a pendulum. With an integrated roll-up mechanism, the cables disappear into the canopy and the lamps always remain at the desired height.

The Aura P2 from Holtkötter can be dimmed on site using a trailing edge phase dimmer. Thanks to the Dim-to-warm technology used, the light colour of the integrated LEDs changes to a warmer tone when dimming (from 2,900 Kelvin warm white to 1,800 Kelvin extra warm white). A memory function saves the last light intensity setting and automatically sets it the next time the light is switched on. The series also includes the Aura P2 glass with two hand-blown glasses. Pendant lamps with three lamps on one canopy are also available.
