Technical details

Land van herkomst	 Duitsland
Fabrikant	Holtkötter
Ontwerper	Holtkötter
jaar	2020
Leveringsomvang	LED
materiaal	metaal
Hoogte-instelling	hoogte verstelbaar
dimmen	dimbaar op locatie met faseafsnijding dimmer
LED	inclusief
Kleurweergave-index	>95
Kleurtemperatuur in Kelvin	Dim to warm
luifel Dimensions	38 cm
reflector diameter	9 cm
bulb vervangen:	bij de fabrikant / fabriek
prestaties van het systeem	3 x 16,6 Watt
Totale lichtstroom in lm	4.980
totale hoogte	160 cm

Omschrijving

The Holtkötter Aura R3 pendant lamp consists of three lamps mounted on a round canopy. This pendant lamp has three reflectors made of metal, which are available in the colours brass anodised, black, platinum and aluminum matt. The pendant lamp is also offered in anodised brass, black, platinum and matt aluminum. The canopy is supplied with the surface finish that matches the lamp.

Each pendulum of the Aura R3 can be adjusted in its total height up to a maximum of 160 cm by simply pushing it upwards or pulling it downwards. With an integrated roll-up mechanism, the cables disappear into the canopy and the lamps always remain horizontal at the desired height.

The Aura R3 from Holtkötter can be dimmed on site using a trailing edge phase dimmer. When dimming, the used Dim-to-warm technology changes the light colour of the integrated LEDs to a warmer tone (from 2,900 Kelvin warm white to 1,800 Kelvin extra warm white). A memory function is used to save the luminous intensity last selected and automatically selects it the next time the pendant lamp is switched on. Also from the series, the Aura R3 with with three mouth-blown glasses and the Aura P3 with a rectangular canopy are available. Furthermore, pendant lamps with two lamps on one canopy are also on offer.
