### Omschrijving

The SLV Rusty Up/Down WL round is an outdoor wall lamp made of FeCSI steel in a natural rust tone. LEDs with an output of 14 watts are integrated as light sources. This round outdoor wall lamp is 14 cm wide, 16.5 cm deep and 18 cm high. The light is emitted downwards and upwards, as well as conically at the top and bottom of the wall, so that light effects are created on the wall in both directions. The colour temperature of the SLV Rusty Up/Down WL round can be changed from 3000 Kelvin warm white to 4000 Kelvin white with a switch (CCT Switch) integrated in the lamp, if required. The uplight of the lamp has a luminous flux of 249/254 lumens, the downlight has a luminous flux of 267/271 lumens. With IP65 protection, the Rusty Up/Down WL round by SLV is ideal as an outdoor lamp, as it is dustproof and protected against water jets from any angle.
