Voet / fitting	E27
schakelbaarheid	aan de lijn
Vermogen (max. Watt)	150 Watt
Schaduw diameter	53 cm
schermhoogte	37 cm
bulb vervangen:	ter plaatse zelf
Dimensions	H 164 cm

Omschrijving

The Maigrau Luca Stand High consists of a three-legged solid oak wooden frame and a textile lampshade that surrounds the light source. The Luca Stand High is powered by a 260 cm long supply line with cord dimmer. Maigrau uses a high-quality dimmer of the latest generation with soft start, silent technology and memory function. In the dark, this "Made in Germany" dimmer is easy to find thanks to its discreet orientation light. The rubber cable of this lamp can be integrated into the wooden frame so that it is not visible from the outside. This floor lamp has an E27 socket and can be operated with an LED retrofit. The diffuse, glare-free light is emitted through the textile lampshade, which ends with a screen at the top. A satinised acrylic glass screen on the underside of the lampshade ensures glare-free and uniform illumination. The lampshade of the Maigrau Luca High has a diameter of 53 cm and is 36.5 cm high. The total height of this floor lamp by the German manufacturer Maigrau is 163.5 cm. The Luca Stand High is available in different surfaces and shade colours: The lamp shade is offered in white and bronze-grey, the lamp base in the surfaces natural oak and smoked oak. On request, the lampshade is also available in felt with an acoustic, sound-absorbing effect.
