materiaal	aluminium
kabel kleur	transparant
kabellengte	200 cm
Hoogte-instelling	hoogte bepaalbaar
Wattage	12 W
LED	inclusief
Kleurweergave-index	90
Kleurtemperatuur in Kelvin	3.000 warm wit
Schaduw diameter	25 cm
schermhoogte	1 cm
bulb vervangen:	bij de fabrikant / fabriek

Omschrijving

The Ledl by the German manufacturer Lichtlauf is a pendant lamp made of aluminium, consistently reduced to the essentials. The Lichtlauf Ledl hangs by cable, for example, above a table. This LED pendant lamp blends into its surroundings, the light is in the foreground. The Ledl pendant lamp emits its warm white light directly downwards without glare. The very flat lamp shade made of anodised aluminium is 0.9 cm high and has a diameter of 25 cm. The Ledl by Lichtlauf is supplied as standard with a maximum 200 cm long transparent cable, which can be shortened if required. The light of the integrated LED is characterised by a very good colour rendering with a high colour rendering index of Ra 90. Whether suspended individually or in combination to several lamps, the Lichtlauf Ledl definitely attracts attention. This lamp is offered in the shade colours black, silver and red. Cables in other lengths are also available on request.
