LARAwood Ceiling Lamp L

Oberfläche

- walnoot
- Zwarte eik
- Witte eik

Technical details

Land van fabricage	 Duitsland
fabrikant	Domus
jaar	2012
bescherming	IP20
Omvang van de levering	LED
Diameter in cm	55
materiaal	Acrylglas, aluminium, hout
dimmen	dimbaar op locatie met faseafsnijding dimmer
Wattage	25 W
LED	inclusief
Kleurweergave-index	>92
Lichtstroom in lm	3.100
Kleurtemperatuur in Kelvin	2.700 extra warm wit
Dimensions	H 15 cm Ø 55 cm

Omschrijving

The successful combination of high-quality materials and uncomplicated design allows for use in project, office and private areas for the Domus LARAwood Ceiling Lamp L. The light-intensive LED ceiling lamp, whose ring-shaped lampshade seems to float on the ceiling due to a thumb-width distance, also provides ceiling illumination thanks to its open construction. The diffuser, which is deliberately placed high, makes the material used inside directly tangible and ensures an optimal diffusion of the light. The LARAwood ceiling light L by the German manufacturer Domus has a diameter of 55 cm and is 15 cm high. This dimmable ceiling light is equipped with an LED module with a power of 25 watts and a luminous flux of 3100 lumens. The light of the integrated LED is characterised by a very good colour rendering with a high colour rendering index of Ra > 92. This LED ceiling light is available in walnut, black oak and white oak finishes.
