Dimensions	H 30 cm L 116 cm

Omschrijving

This Betec Clarus has a length of 116 cm and a projection of 17 cm (bracket type 17). Its lamp head can be rotated around its own axis and can thus illuminate a picture without glare. The lamp is ideal for illuminating pictures, menus and music stands. The high constant light output with low power consumption and extremely long service life are ideal prerequisites for modern picture lighting.

The Betec Clarus 116 cm is available in the surfaces brass glossy, brass matt, chrome, nickel glossy, nickel matt, burnished, black matt, gold glossy and gold matt. The scope of delivery includes a mounting set with which the lamp can be easily attached directly to a picture or to the wall. As standard, the lamp is available with a colour temperature of 2,700 Kelvin extra warm white. On request, it is also offered with 2,400 Kelvin extra warm white, 3,000 Kelvin warm white or 3,100 Kelvin white. The integrated, dimmable LED is characterised by very good colour rendering with a high colour rendering index of Ra >90. A touch dimmer is offered as an accessory, with which the lamp can be switched and dimmed by touch. Clarus lamps from the series are also offered in ten other lengths and with a projection of 11 cm or 22 cm.
