Technical details

Land van fabricage	 Duitsland
fabrikant	Lichtlauf
ontwerper	Christoph Matthias
jaar	2012
bescherming	IP20
Omvang van de levering	Leuchtmittel/ Bulb
materiaal	polyethyleen, textiel
oppervlak	wit
kabellengte	120 cm
dimmen	dimbaar op locatie
base/versie	E27
Vermogen (max. Watt)	70 Watt
bulb vervangen:	ter plaatse zelf

Omschrijving

The Lichtlauf UpLight is an unusual lamp for mounting on a ceiling or wall within a radius of approx. 1 m around a power outlet. The white hollow sphere made of resistant and high-quality polyethylene is available in three different diameters, the textile cable in three different colours. The Lichtlauf UpLight can be positioned very freely, thanks to the diverse mounting options, this spherical luminaire is a wall or ceiling luminaire as well as a pendant lamp. Wherever uniform, soft light is to illuminate the room, this lamp is ideally placed. If you combine several lamps with different diameters, small individual light objects are created. The UpLight by Lichtlauf has an E27 ceramic socket and can be operated with conventional halogen bulbs as well as with LED retrofit bulbs. This lamp is available with a diameter of 30 cm, 40 cm or 50 cm. The textile 1.2 m long cable is optionally available in white, red or grey. With the enclosed accessories (including canopy, ceiling bracket and wire rope), the lamp can be mounted on the wall as well as on the ceiling. The textile cable is also available in other colours and lengths on request.
