<b>Vermogen (max. Watt)</b>	70 Watt
<b>bulb vervangen:</b>	ter plaatse zelf

## Omschrijving

The UpLight Down light run is the floor version of the UpLight lamp. Supplemented with its stand ring and foot switch, this lamp illuminates low room zones with its mild light, creating a special and variable lighting mood. The white hollow sphere made of resistant and high-quality polyethylene is available in three different diameters, the textile cable in three different colours. The UpLight Down by Lichtlauf has an E27 ceramic socket and can be operated with conventional halogen bulbs as well as with LED retrofit bulbs. This portable lamp is available with a diameter of 30 cm, 40 cm or 50 cm. The textile 2.5 m cable is optionally available in white, red or grey. On request, the textile cable is also available in other colours and lengths.
