

Lichtlauf eNormajeane 125

Oberfläche

- zwart / koper
- wit
- wit / koper

Technical details

Land van fabricage	Duitsland
fabrikant	Lichtlauf
jaar	2015
bescherming	IP20
Omvang van de levering	LED
materiaal	aluminium, staal
kabel kleur	transparant
kabellengte	200 cm
hoogteverstelling	hoogte verstelbaar
dimmen	dimbaar op locatie met faseafsnijding dimmer
LED	inclusief
Kleurweergave-index	90
Kleurtemperatuur in Kelvin	3.000 warm wit
bulb vervangen:	bij de fabrikant / fabriek
prestaties van het systeem	2 x 12 Watt
totale hoogte	200 cm
Dimensions	H 12 cm B 30 cm L 125 cm

Omschrijving

Like a dress in the updraft above an underground shaft, the eNormajeane by Lichtlauf floats above the table and sends powerful, soft light downwards. Copper, the colour contrast between top and bottom is what creates the tension. Each lamp, individually shaped by hand, is unique. eNormajeane is used wherever larger, long tables are to be complemented with a light sculpture. The lampshade made of aluminium is available in brown-black or white on the upper side. The underside of the lampshade is hand-applied with copper leaf metal or in white. The two integrated LEDs, each with an output of 12 watts, have a colour temperature of 3,000 Kelvin warm white. The light of the integrated LEDs of this dimmable lamp is characterised by a very good colour rendering with a high colour rendering index of Ra 90. The lampshade of the eNormajeane is 125 cm long, 30 cm wide and approx. 12 cm high. Due to the handcrafted manufacturing process, there may be irregularities in the leaf-finished surface. The total height of the lamp is max. 200 cm, the rectangular ceiling suspension is 70 cm long, 5 cm wide and 3 cm high. The height of the eNormajeane 125 is adjusted directly on the two wire ropes with which the lamp is suspended from the ceiling. The eNormajeane 125 by Lichtlauf is also available with a 160 cm long lampshade.
