| Dimensions                 | H 102 cm   Ø 110 cm  |

### Omschrijving

The Arturo Alvarez Ballet BA04-3-P pendant lamp consists of three lamps from the Ballet series, which are suspended in different lengths from an decentralised canopy. The three lamps 1x Ballet Elance BALA04, 1x Ballet Releve BARE04 and 1x Ballet Plie BAPI04 are attached to a canopy with a diameter of 12 cm. The cables run out of the side of the round canopy and are fixed to the ceiling with fasteners at the desired position. This allows the position of the individual pendant lights in relation to each other to be determined by the customer. Thanks to the decentralised canopy, the multiple lamp can also be installed independently of the power outlet. This multiple lamp is available in white and grey. On request, the lamp is also offered in taupe and beige. The transparent cables of the lamp can be shortened if required. On request, the cables are also available in black.

The Arturo Alvarez Ballet BA04-3-P is supplied with E27 sockets and can be operated with LED retrofits. The total height of this pendant lamp is 250 cm. The lamp shades of this pendant lamp consist of an extremely flexible stainless steel mesh, which was specially developed by the Arturo Alvarez brand for lamps. This stainless steel mesh is highly malleable, very resistant and compact.
