<b>Kleurtemperatuur in Kelvin</b>	2.700 extra warm wit
<b>luiifel Dimensions</b>	15 cm
<b>Lampenkap interieur kleur</b>	wit
<b>lampenkap kleur</b>	rood
<b>Schaduw diameter</b>	20 cm
<b>schermhoogte</b>	8 cm

### Omschrijving

The lamp shade of the Domus LARAFelt Pendant Lamp S red has a diameter of 20 cm and is 8 cm high. During assembly, the lamp can be individually set in its total height. The pendant lamp emits its light glare-free and homogeneously mainly downwards. Upwards, the light is largely dimmed.

The LARAFelt Pendant Lamp S has a ring-shaped lamp shade, which is covered with red wool felt. The view into the inside of the lamp is particularly beautiful, where the wool felt is shown to advantage by the low diffuser. From the inside, the lamp shade is in wool white. Domus also offers from the series the LARAFelt Pendant Lamp S with a lamp shade in grey felt (different inner shade colours available) or graphite felt (inner shade colour wool white).

The LARAFelt Pendant Lamp S has a dimmable, powerful LED with a colour temperature of 2,700 Kelvin extra warm white as illuminant. The integrated LED is characterised by very good colour rendering with a high colour rendering index of Ra > 92. The pendant lamp is also offered with a diameter of 43 cm or 55 cm.
