<b>lens diameter</b>	67 mm
<b>prestaties van het systeem</b>	1 x 4,7 Watt Downlight + 1 x 4,7 Watt Uplight
<b>Dimensions</b>	H 24 cm   B 6 cm

### Omschrijving

The Licht im Raum Ocular Wall Lamp LED has a swivelling lens with a diameter of 67 mm. The light is emitted homogeneously and focussed downwards through the lens. At the same time, the wall lamp also emits light upwards. The Ocular lenses focus and control the light in a precise, glare-free way, creating a superior quality of light.

The Ocular Wall Lamp LED has a wall bracket made of stainless steel or brass. The wall lamp is available in the surfaces brushed stainless steel, hand-polished stainless steel, matt black, white, natural brass and black / gold. Two long-life, dimmable LEDs are integrated as illuminants.
