Ocular Spot 2 Series 100 Zoom semi-recessed

Oberfläche

- satijn Nikkel
- gepolijst

Technical details

Land van herkomst	 Duitsland
Fabrikant	Licht im Raum
Ontwerper	Licht im Raum
Beschermingsklasse / IP-bescherming	IP20
Leveringsomvang	LED
materiaal	roestvrij staal
stralingshoek	50 - 70 Graad
dimmen	dimbaar op locatie
Lichtstroom in lm	4.708
Kleurtemperatuur in Kelvin	2.700 extra warm wit
lens diameter	100 mm
lampkop massa	12 cm
prestaties van het systeem	2 x 17,1 Watt
Dimensions	H 17 cm L 30 cm

Omschrijving

The Light in Space Ocular Spot 2 Series 100 Zoom semi-recessed is a two-lamp spotlight. The two lenses, each with a diameter of 100 mm, can be swivelled. The Ocular lenses focus and control the light in a precise, glare-free manner, creating an outstanding quality of light. To change the beam angle of the light, the lenses can be zoomed in or out. In this way, the beam angle can be variably adjusted between 50 and 70 degrees.

The two lamp heads of the lamp can be directed via swivel and tilt joints. The Ocular Spot 2 Series 100 Zoom semi-recessed is made of stainless steel and is available with a matt nickel or polished finish. The rectangular recessed box is semi-recessed into the ceiling or wall.
