

Knapstein

LINDA-192

Oberfläche

- nikkel
- bronzen
- zwart

Technical details

Land van herkomst	 Duitsland
Fabrikant	Knapstein
jaar	2023
Materiaal	brass
hoogteverstelling	in hoogte verstelbaar
Vermogen in watt	92 W
LED #	inclusief
Kleurweergave-index (CRI / Ra)	>90
Lichtstroom in lm	10870
Kleurtemperatuur in kelvin	2.200-3.000
Beschermingsklasse / IP-bescherming	IP20
Leveringsomvang	LED
dimmen	gebarencontrole
bulb vervangen:	bij de fabrikant / fabriek
totale hoogte	73 - 180 cm
Dimensions	L 192 cm

Omschrijving

The Knapstein LINDA-192 pendant lamp has a length of 192 cm. By pulling or lifting the lamp itself, the total height of the lamp can be adjusted between 73 cm and 180 cm. The lamp can also be suspended at an angle. The pendant lamp emits its light simultaneously upwards and downwards. The uplight and downlight can be switched and dimmed separately by gesture control. The light colour can also be adjusted separately for the uplight and downlight to a warmer tone (from a colour temperature of 3,000 Kelvin warm white to 2,200 Kelvin extra warm white). All dimming and light colour settings are saved via the memory function and are automatically reset when the light is next switched on.

The sensor area for gesture control is located centrally on the lamp. The lamp is switched on or off by a wiping movement of the hand in the sensor area. To change the light intensity, the hand is held longer in the sensor area. The desired light colour can then be set by holding the hand in the sensor area again for a longer time. The LINDA-192 is available in different surfaces. There are no visible screws in the ceiling canopy, because of a magnetic holder.
