

Knapstein

LISA-40

Oberfläche

- nikkel
- zwart
- bronzen

Technical details

Land van herkomst	 Duitsland
Fabrikant	Knapstein
jaar	2023
diameter	40
Materiaal	Brass
hoogteverstelling	in hoogte verstelbaar
Vermogen in watt	46 W
LED #	inclusief
Kleurweergave-index (CRI / Ra)	>90
Lichtstroom in lm	5000
Kleurtemperatuur in kelvin	2.200-3.000
Beschermingsklasse / IP-bescherming	IP20
Leveringsomvang	LED
baldakijn	Ø 26,5 cm
dimmen	gebarencontrole
bulb vervangen:	bij de fabrikant / fabriek
totale hoogte	70 - 170 cm
Dimensions	Ø 40 cm

Omschrijving

The Knapstein LISA-40 is a ring-shaped pendant lamp with a diameter of 40 cm. By pulling or lifting the lamp, the total height of the lamp can be adjusted continuously between 70 cm and 170 cm. The lamp can also be suspended from a sloping ceiling. The light from this pendant light is emitted upwards and downwards at the same time. The uplight and the downlight can be switched separately and dimmed continuously via gesture control. Using gesture control, it is also possible to adjust the light colour for the uplight and downlight to a warmer tone (between the colour temperature of 3,000 Kelvin warm white and 2,200 Kelvin extra warm white). All dimming and light colour settings are saved via a memory function and automatically reset the next time the lamp is switched on.

A wiping hand movement in the sensor area switches the light on or off. To dim the light, the hand is held in the sensor area for a longer period of time. The lamp flickers briefly after the dimming process is completed. The desired light colour can then be set by again holding the hand in the sensor area for a longer period of time. The LISA-40 is available in different surfaces. Its ceiling canopy has no visible screws as it is held in place by magnets.
