

Holtkötter

Avior

Version

- S
- M
- L

Oberfläche

- messing
- platina
- bronzen
- zwart
- zilver

Technical details

Land van herkomst	 Duitsland
Fabrikant	Holtkötter
Ontwerper	Holtkötter
jaar	2024
Materiaal	Metall
hoogteverstelling	in hoogte verstelbaar
Dimbaarheid	gebarencontrole
LED #	inclusief
Kleurweergave-index (CRI / Ra)	>90
Kleurtemperatuur in kelvin	2.200 - 2.850
Beschermingsklasse / IP-bescherming	IP20
Leveringsomvang	LED
baldakijn	36,5 cm x 7,5 cm x 5,2 cm
bulb vervangen:	ter plaatse zelf
Dimensions	H 40 - 160 cm

Omschrijving

The height of the Holtkötter Avior pendant lamp can be adjusted by pushing it up and pulling it down. The overall height can therefore be adjusted between 40 cm and 160 cm. A roll-up mechanism ensures that the cables disappear into the canopy and that the light always maintains a horizontal position. The Holtkötter Avior pendant lamp emits light both upwards and downwards. The uplight and downlight can be steplessly switched and dimmed separately using gesture control. To do this, a hand is held in the sensor area of the gesture control below the lamp. When dimming, the light colour of the integrated LED changes to a warmer tone (from 2,850 Kelvin to 2,200 Kelvin) thanks to dim-to-warm technology. The last set light intensity is saved using the memory function and automatically reset the next time the light is switched on. Three profile lengths - 82,5 cm (Avior S), 122,5 cm (Avior M) and 162,5 cm (Avior L) - and five different surfaces - anodised brass, black, matt silver, platinum and bronze - enable unrestricted use in rooms of all kinds.
