Omschrijving

The Vince S LED floor lamp from the German manufacturer Holtkötter has a swivelling and tilting lamp head so that the lamp can also be used for indirect lighting. The height of the floor lamp can be individually adjusted between 114 cm and 145 cm using the invisible lift mechanism. The round base of the Holtkötter Vince S has a diameter of 25 cm and the lamp head has a diameter of 18 cm. The lamp can be switched on and off and the brightness infinitely adjusted using a touch dimmer on the lamp rod. When dimming, the light colour of the integrated LED changes to a warmer tone (from 2,850 Kelvin to 2,200 Kelvin) thanks to dim-to-warm technology. The last set light intensity is saved using the memory function and automatically reset the next time the light is switched on. The Holtkötter Vince S is available in the following surface textures: Matt aluminium, white, black/brass anodised, platinum, bronze and black.
